For :	Zinc Shapes for Anodes of Electrochemical Cells		

REMARKS

Claims 1-19, 21 and 35-39 have been cancelled, claim 20 has been amended and claims 40 and 41 have been added. Claims 20, 22-34, 40 and 41 are now pending in the application.

In the Notice of Non-Compliant Amendment mailed on September 16, 2005, the Examiner found the amendments to the claims made in Applicant's paper filed August 23, 2005, to be non-compliant because a complete listing of all of the claims was not present (claims 1-19 were missing) and each claim was not provided with the proper status identifier. The previously submitted amendment is submitted herewith, complying with the requirements of 37 CFR §1.121. Claims 1-19, previously cancelled in a preliminary amendment, are listed and shown as cancelled, and claims 22-34, previously added in the preliminary amendment, are now shown as previously presented rather than as original.
